How to Register for Nonprofit Learning Lab Workshops

We offer two different types of workshops: 1 hour and series-based. For Premier and All-Access members, the registration process is different for each type.

To Register for 1-hour Workshops, you will first need to log into your Membership Portal.
Scroll down until you see the section, "Register here for all of our 1 hour workshops".

Select the “Register for Workshops” button.

Send Better Emails: Fundraise, Engage & Grow Your Email List

This workshop will explore how nonprofit professionals can improve the way they use email to engage their community and fundraise for their cause. We'll explore best practices in the use of email including subject line testing, call to actions, improving open rates, and list management. We'll also discuss digital email platforms and the impact the Apple iOS Mail Privacy Protection has on email service providers like MailChimp, Constant Contact, and others. You will leave this webinar with practical strategies to improve your email outreach to better engage your supporters, volunteers, and donors. This workshop is ideal for organizations with more than 2,500 email subscribers.
